

## RESIDENTS OF COUNTRY HILLS

---

I have received a number of inquiries in regard to ditching, paving, parkland and the different phases of the Country Hills Subdivision. As you know the City owns this property and has an agreement with Cornwall Gravel for development of this Project.

In order to answer these questions and provide future progress reports, I would suggest organizing a Community Group from Country Hills. This would allow our office to work with the organization to improve on conditions in your Community.

Please feel free to respond to this letter by email ([doug.Thompson@ottawa.ca](mailto:doug.Thompson@ottawa.ca)) or phone (613-580.2490).

Thanks,

Doug Thompson.
