RE: Country Hill Estates

Councillor Darouze,

As per your last correspondence August 2, 2016 you stated your office would work with City of Ottawa staff to review our file and address our outstanding items. We did not hear from you and sent a correspondence on August 16th. As of September 6th, the community of Country Hill Estates has not received any further correspondence from you nor the city.

We continue to request a meeting date with you to review the following issues:

1. Escalation of CHEA complaints to a higher level in the City of Ottawa
2. Formal complaint to City Manager Steve Kanellakos regarding performance issues
3. Environmental Holds
4. Drainage
5. Ditches
6. Signs, Timeline for Completion of Connecting Roads and Phase III
7. Lighting
8. Covenants
9. Additional

Now that summer is over, we hope our concerns will become a priority. I can be reached by email or the phone number below in order to secure a meeting date within the next few days.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sue Noël'.

Sue Noël
